

Midterm Review Study Guide – ELL-A

The exam will take place 1st period Tuesday 1/4 and 5th period Wednesday 1/5. The test will make up about 20% of your semester grade. There will be three sections:

1. Grammar

We completed chapters 4 through 8 in our grammar book this semester. This section of the exam will consist of a grammar test, 100 questions long, covering these five chapters. To study for this section, please review your homework and your tests. This section will make up about 50% of your test grade.

2. Reading

We read chapter 1 and 2 of *The Phantom Tollbooth* this semester. In this section of the exam I'll ask you a series of short answer questions about these two chapters. To study for this section, please reread the chapters. When you arrive to take the midterm, please bring the book with you, and use it in taking the test. You may bring your vocabulary notes as well. This section will make up about 25% of your test grade.

3. Writing

For this section of the exam, I'll ask you to write an informal composition, 1-2 pages long, demonstrating your knowledge of verb tenses and vocabulary. This section will make up about 25% of your test grade.
