ABOUT

Woodside International School is a WASC-accredited independent co-educational private high school in San Francisco. WIS provides a rigorous and engaging individualized college preparatory education. Our student body consists of both American and International students learning together. We foster a collaborative community spirit, and we have been cultivating a global community one student at a time for over 40 years.

MISSION

Our mission is to engage and support all of our students in becoming socially responsible critical thinkers who understand learning is a continuous process to prepare them for life beyond high school in the modern world.

VALUES

We believe that every child can be academically successful and realize his or her potential in the nurturing environment of a school that truly cares about each student. We facilitate the development of self-reliant, confident and compassionate individuals who become responsible citizens. Our rigorous academic approach and small class sizes help develop critical thinking skills and a broad and inclusive view of the world. Our students are global citizens, and tolerance, diversity and mutual respect are at the forefront of Woodside's program.

PROGRAM

Our students understand from the first day of school that learning is a lifelong pursuit. The value of higher education is emphasized in consistent collaboration among our students and faculty. Our College Counselor begins working with students in the 9th grade to develop a college entrance and success plan. Problem solving strategies, analytical and critical thinking, and organizational and study skills are at the core of our program. Students are also advised and encouraged to communicate opinions effectively and creatively. We recognize that students express themselves in a variety of ways, and our broad, collaborative and rigorous curriculum has been developed to value achievement in all areas.

INTERNATIONAL STUDENTS

International students spend extensive time with ESL teachers in order to develop their understanding of language mechanics and to improve both written and oral communication in English. International students participate in math, science, and art classes with American students in order to encourage and facilitate cultural exchange among the entire student body.

Founded

WIS was founded in 1976.

School Day

Core school day is 8:30 am - 3:15 pm. After school electives are offered until 5:00 pm.

Grade Scale

A-F grading system, with GPA calculated on a 4.00 scale. Honors are weighted an additional grade point.

Class Size

Average class size is 12 students.

Student Population

With a worldwide focus, our alumni represent 18 different countries.

Accreditation

Western Association of Schools and Colleges (WASC).

Visa Sponsorship Approved by the US Department of State to host F-1 Visa Students.

College Counseling

Individualized counseling and classes for every student. 100% of graduates are admitted to college and university each year.

International Student Advising

Academic and cultural advising is provided to international students.
