

## Nikola Tesla Scholarship for STEM

The Nikola Tesla STEM Scholarship provides up to 50% of tuition to students who demonstrate excellence in one or all of the following areas: science, technology, engineering, math. Each year up to three STEM scholarships are awarded. Students awarded a Nikola Tesla STEM scholarship must maintain a 3.5 out of 4.0 GPA throughout their years at Woodside International School.

### CRITERIA

The student must:

- Plan to attend a four-year college or university
- Have outstanding academic performance (grade point average of 3.5 equivalent or higher) at the middle school level.
- Demonstrate financial need by completing the online financial aid application process
- Complete the Nikola Tesla STEM Scholarship online application
